## E Banc Trade's 5000<sup>th</sup> Member

# Congratulations

## Dave & Margaret Phillips

Seen here are the happy couple from **Dave's Solid Timber Doors** in East Brisbane being presented with their certificate and colour TV commemorating E Banc Trade's 5,000<sup>th</sup> Member Milestone.

## Well Done Team

### A word from Neil . . .

As you can see above, we have reached our 5000<sup>th</sup> member in September and are now at 5500.

I would like to welcome new licensees, Val Scott from Brisbane East, Matt Pritchard from Brisbane South, Neville Maconachie from Bendigo, Patty Warfield and Wayne from Sunshine Coast North, Tony Bennett from Tasmania South, Guy Senior in Mornington Peninsula, Dr Ian Lochlin from Sydney, Peter Ingel from Gold Coast South, Rodney Daveson from Townsville, and Henry Heng from WA.

Congratulations must also go to Lynne McDowell, the master licensee in Sydney, who recently hosted a very successful seminar and put on a great show for approximately 60 guests who attended on the night. It is great to see Sydney finally up and rolling with a major drive now underway for new memberships. Special thanks also to the evening's coordinator, Graham Valentine, E Banc membership liaison officer.

Just a quick reminder that we are always keen to appoint new licensees in new areas. Remember licences are sold for only \$1.10 which is a great opportunity for anyone wishing to start up their own business. Speak to Darryl at head office for details.

## Learn to fly on 50% E Banc Trade

This is an exceptional service offered to E Banc members in the Brisbane / Sunshine Coast / Gold Coast areas.

### Overview of completing a Private Pilots Licence

The first stage of the Licence, to allow someone to fly an aircraft in a restricted area, involves approximately 30 hours of training. There is of course some ground study to complete.

**Cost:** Paid by the hour \$190.00 per flight hour x 30 hours = \$5,700

The second stage of the licence, if required, removes the area restriction and allows a person to fly the aircraft to another location. Please enquire about requirements. Again there is further study also.

**Cost:** (in addition to the above)

Paid by the hour \$190.00 per flight hour x 25 hours = \$4750  
Also offering on trade, Commercial Licence training and training in twin engine aircraft.
