## Time2Trade

E Banc Trade is taking the trade concept to the community in our latest free service **Time2Trade**.

**Time2Trade** is offered to E Banc Trade members and to the general public to provide an online location where they can exchange and trade assets.

In the past people have swapped property, however **Time2Trade** allows you to swap almost anything, often with a cash, trade or goods difference.

**Time2Trade** will offer a wide selection of properties and assets available to trade that will be searchable by item type and location.

### Time2Trade offers:

- \*\*\* Another avenue to trade your assets \*\*\*
- \*\*\* Control over your own negotiations \*\*\*
- \*\*\* Opportunity to conserve your cash when acquiring assets \*\*\*

### Using this Service is as easy as 1..2..3..

Searching through items is a matter of perusing the list however, you can also search by 'Type of Trade' and/or by 'Location'. Once you find an item of interest, simply negotiate directly with the seller. You can add items online, and once authorised by the site administrator, they will display on the **Time2Trade** page.

If you have any queries or require assistance with this service, please contact [customersupport@ebanctrade.com](mailto:customersupport@ebanctrade.com) or call Head Office on 07 5437 7220.

Recent newspaper articles have quoted economists and displayed various financial reports referring to the unavoidable increase in interest rates we are about to witness in Australia. Predictions indicate an approximate 2% increase over the next 12 months above existing rates with the first of these increases already occurring. This fact has resulted in warnings resulting in less interest being shown in the purchase of residential housing.

The use of E Banc Trade in development and building projects offers a product sale insurance that is unique as it offers a guarantee of sale, reduced cash expenditure for the buyer, reduced marketing costs for the seller, less borrowing from financial institutions which results in less interest payable and many other brilliant advantages to both buyer and seller.

Using E Banc Trade makes it possible for people to turn a dream into a reality when it comes to owning your home. Interest free E Banc Trade facilities are the tool that will make your dream become a reality.

A guaranteed sale for a property using E Banc Trade dollars requires the property to be at valuation and a satisfactory component of E Banc Trade dollars to be included in the selling price.

E Banc Trade will always be aware of the necessity of cash flow and the concerns relating to the conversion of trade dollars to cash. We would appreciate the opportunity to discuss this and all other property related issues with you directly. Simply contact us on the details below.

## JACK DANIELS CORPORATE DAY

As a major sponsor and supporter of the Jack Daniels Racing Team, E Banc Trade was able to invite 50 guests, including members and staff, to attend at the recent corporate day at the Willowbank Raceway.

Price draws on the day included a ride in one of the Jack Daniels drag cars. Gary Collas and Robert Martel, both members of E Banc Trade, enjoyed the fast paced and noisy ride!

A great time was had by all in attendance and we wish the Jack Daniels Racing team all the best for the coming year of competition.

The Mooloolah River and Kawana Canal will once again be ablaze with the **2<sup>nd</sup> Annual Christmas Boat Parade** presented by the E Foundation. ## PRESS RELEASE

### *E Foundation assisting Non-Profit Organisation 'The Smith Family'*

With Christmas fast approaching The Smith Family has about 450 toys that lack only batteries to enable them to be distributed to disadvantaged children. The toys include computers, mobile phones, guitars, cars, plane kits and even firemans helmets with real battery-powered headlamps. Most toys require AA batteries, often four at a time, and where a remote control is attached to a toy, that usually requires a 9v battery as well.

The E Foundation has sourced a supplier of batteries and has raised almost \$2800 towards the costs of the batteries, but we require an additional \$2266 to purchase them. This is an excellent opportunity to put a smile on a young and innocent face this Christmas.

The E Foundation is offering anyone who donates to this cause the equivalent back in E Banc Trade gift vouchers. The gift vouchers can be used at any E Banc Trade member to buy goods and services on a part trade part cash basis.

For more information or particular details from our E Banc Trade membership directory please go to [www.ebanctrade.com](http://www.ebanctrade.com) or contact E Foundation's Executive Officer.

If you or your business would like to contribute towards the purchase of these batteries please contact the E Foundation's Executive Officer, Brett Skjonnemand, on (07) 5437 7227 or 0413 868 178 to make your donation.

## HONESTY IS ALWAYS THE BEST POLICY

An article was posted in the Courier Mail concerning a Trade Exchange that had made various promises regarding the services available in their exchange. As a result, the organisation has been taken to court with numerous allegations being lodged with the Office of Fair Trading. This is a timely reminder to us all not to misrepresent E Banc Trade when encouraging our business partners and friends to join our exchange. It is very important to inform potential members correctly in regards to the services we offer and the members we have on board. Misrepresentation is a serious matter and E Banc Trade will not be held liable for a member commenting untruths about our Trade system and membership base.

Our downfall will be when we stop telling the truth to our members and potential members and begin making promises we can't physically keep. We have a strong healthy system that works and we must stay true to the system. It is only when we step beyond and out of the system that we start running into trouble. Let's continue to grow E Banc Trade and remain honest and truthful when it comes to sharing our successful trade formula with other potential members! For the most accurate and up to date information about E Banc Trade and its services, please visit the website at [www.ebanctrade.com](http://www.ebanctrade.com).
