Editorial Executive Management Committee E Banc Trade Pty Ltd

COOPERATING WITH THE ATO FOR A BETTER FUTURE - E Banc Trade is committed to working with the Australian Tax Office in their ongoing enquiry into the Trade Dollar Industry.

A team from the ATO has been with us during February 2004 and we have been transparent in regards to our operations and business dealings. We want the Trade Dollar industry to be fair and equitable and believe that cooperation with such enquiries is paramount to this being achieved.

In the long run E Banc Trade knows that our philosophy of *'right price, trade component negotiable'* and *'always take the GST component of your sale in Australian Dollars'* will see us meet the expectations and requirements that are being developed by the ATO.

Other Trade Exchanges that don't follow these philosophies as part of their overall business plan certainly have some work ahead of them to meet the requirements being developed by the ATO.

E Banc Trade's future is looking very promising and with the recent achievement of 10 000 member businesses joining E Banc Trade, things have never looked better!

Don't forget that our inaugural Unity Awards celebrating the official launch of the E Foundation is on this month. We are looking forward to a night of fine wine, food and entertainment as we celebrate and honour those who work towards making the community a better place.

Our dream is to have Unity Award Celebrations in all major city centres in the future as the E Foundation continues to grow and support more organisations and charitable endeavours in our community. Remember if you want information on the upcoming Unity Awards or our E Foundation send an email to info@efoundation.cc or phone the team on (07) 5437 7227.

In Focus

'Trade Dollars Explained and how to spend'

What are trade dollars?

Simply a means of exchange similar to cash and tokens which have been used since ancient times. E Banc Trade offers you further trading alternatives outside the currency system to provide you with an advantage over business competitors who limit themselves to cash trading.

What can I buy with my trade dollars?

Property, goods and services. Sometimes it may be difficult to spend trade dollars on some aspects of your business, but you may not be aware of the many ways to spend your trade. The following goods and services are available on part trade from within the E Banc Trade membership.

- Pay your phone bills with part trade
- Stationery needs, your toner and printer cartridges, fax machines and photocopiers, even repairs to your office equipment
- Computer supplies, sales and repairs
- Web page design and other advertising needs.
- Cleaning, products and services
- Accommodation
- Catering for functions
- Promotional goods, printing, banners and sign writing
- E Banc Trade Gift vouchers – incentives for staff or gifts for clients.
- New electrical goods
- Uniforms and corporate gifts
- Vehicle sales and service

Any personal items that you can use your trade dollars on is, in effect, spending within your business as your personal drawings are a cost to the cash available to your business. Contact Head Office or your local E Banc Trade office if you need assistance to locate these products. Some members wish to be broker driven and are not published in the membership directory. Head Office, or your local licensee can help you source product from these members, so if you are unable to find what you want, always ask. You will be surprised at what we are able to source for you.

Can I purchase real estate?

Yes, we have an associated real estate agency to assist you to utilise your trade dollars on property. Real Estate facilities are available to approved applicants. You can ask anybody who is selling property if they would consider taking part trade. Ask them "What do you know about trade", then contact us to talk to them.

What is an ITT form?

When a transaction is \$3000 or over an Intention to Trade form needs to be completed by the buyer and both buyer and seller must sign. This agreement must be lodged at E Banc Trade Head Office at least 24 hours before the transaction takes place. The buyer must pay a cash transaction fee of 4.95% (GST inclusive) of the trade component of any goods and services purchase, or 5.5% (GST inclusive) of the trade component of any contractual arrangement, in advance of the transaction taking place. Payment must be forwarded to E Banc Trade Head Office with the ITT form.

helpful reminders from our
Customer Support Managers desk

Have you updated your membership directory?

E Banc Trade aims to have correct and updated information in the membership directory. We print directories every three weeks to allow for changes and new members. If you come across a business that is closing, changing location or not able to trade please inform your local Customer Support team or email customersupport@ebanctrade.com

What we will do:

1. Contact the member to obtain new contact details and to update their directory message
2. Update the membership directory
3. Provide customer support to that member if needed
4. Perform a search to see if there is another member who can provide the goods or service you are needing in your area

Our corporate website has up to the minute information and the most recent version of our membership directory can be viewed at www.ebanctrade.com

Second Signatory Form

If you require your partner, business partner or someone to be a signatory on your trade account, please complete a second signatory form.

If you require another person to be able to sign cheques or have access to your account, this form needs to be completed.

The second signatory form can be downloaded from our website www.ebanctrade.com under Forms and Publications or contact your local customer support team so they can fax/email you a copy of the form.

Work the Dream

E Banc Trade works

E Banc Trade continues to work and cooperate with the ATO.

As a result, Chris Spillane from the Gold Coast Southport GST Department recently attended an E Banc Trade staff meeting and presented key information regarding the layout of Tax Invoices.

The information presented indicated that members of other Trade Exchanges must now create two tax invoices. According to specific ATO standards, a tax invoice will need to be provided for the cash market and for the trade dollar industry.

Great News!

This does not apply to E Banc Trade members

Barter Card, BBX and members of most other trade exchanges (***excluding E Banc Trade***) have to fill out a tax invoice now in the approved form.

The approved form according to the ATO is that the GST inclusive price is to be expressed in Australian currency or the GST payable expressed in Australian currency.

This ruling was implemented in the year 2000 and can be backdated by the ATO for auditing purposes. Any tax invoices accumulated from other trade exchanges that do not meet the ATO requirements can be reversed and thus will disallow the expense claim made on your tax returns.

E Banc Trade members are exempt from this requirement due to our Operating Rules and Memorandum of Articles and Association.

E Banc Trade has received a direct ruling from the ATO designating the company as a non-financial supplier.

We trust this new layout for our directory is suitable and meets the needs of our ever growing membership base and if you need to order a new directory contact our Head Office on (07) 5437 7220 or email hq@ebanctrade.com.
