News From Holland

News from Abroad

On April 17th, E Banc Trade Holland had their first national member event. It was a huge success and lots of new business was generated amongst members.

Recently, E Banc Trade Holland helped the 'Wish Foundation'. The 'Wish Foundation' was trying to fulfill the wish of Dorien, a terminally ill patient, who wanted a Laptop. With limited funds and to no avail, the 'Wish Foundation' went around asking businesses to provide them with a low cost laptop.

In need, the 'Wish Foundation' approached E Banc Trade Holland and in cooperation with an office supplier 'ACS Office', 'Wish Foundation' and 'E Banc Trade Holland' were able to supply Dorien with her wish— laptop for €1295, of which €545 was in Trade Euros.

Admin Tips

Helpful reminders from the desk of our
Customer Support Manager

Are you in need of a new directory?

We print our membership directories every three weeks to allow for changes and new members.

Whenever you are searching for goods and services in the membership directory always check the date in the bottom left hand corner to see how up to date your directory is. If you cannot find what you are looking for, contact Customer Support as we may have a new member who can assist you.

The membership directory available online at www.ebanctrade.com is the most up-to-date version and the best source of information.

If you would like to order a new membership directory contact Head Office, or request a directory by email to jackie@ebanctrade.com. You can request a Queensland directory OR one listing all other states' members. This

will be charged to your account at \$5.

Putting these two directories together gives you a National Membership Directory, which together costs \$10.

Clarify E Banc Trade Membership

When contacting other members to spend your trade dollars, it is important to clarify that you are with E Banc Trade.

Sometimes confusion has occurred where a member has phoned another member and asked "Do you take Trade?" or "Do you take Barter?"

The person taking the call may get this confused with a different trade exchange.

They may not be taking one trade but still dealing with E Banc Trade.

Economic Collaboration Between Hungary and Vietnam

Great News, hot off the press that two of our member countries, Hungary and Vietnam, are reaffirming and expanding their trade agreements, which will also benefit E Banc Trade International and all of its members.

Peter Meggyesy &
Tran Duc Luong

Fotó: MTI

After its recent accession to the European Union, Hungary is

focusing on the improvement in relations with Asian countries, especially with Vietnam - said Peter Medgyessy, the Prime Minister of Hungary after his meeting with the Vietnamese President Tran Duc Luong, in May of 2004.

The Prime Minister said he expected the activity of the fast-growing Vietnamese companies to be more dynamic than earlier in the region and the EU member Hungary might become a regional centre as well as a bridge between East and West.

Among the opportunities of collaboration, he emphasised Vietnamese energetic investments, telecommunication and software improvement. He referred to promising projects that had been started between the two countries in the fields of fish-breeding and corn-growing, and that the facility agreement on agro-cooperation, also signed on Wednesday, offers further opportunities in the agricultural collaboration. The Vietnamese President's comments on future tourism during his visit to Hungary, indicated that the number of visitors between the two countries can see significant increase.

This is a great boost to trade between the two countries and further enhances trading opportunities for E Banc Trade members.
