OUR MISSION

Our mission is to facilitate the exchange of goods and services in an environment of fair and equitable trading to create a feeling of well being over and above the member's expectation

OUR GUIDING PRINCIPLES

- Our prosperity parallels that of our community, locally, nationally and internationally
- Every policy decision is based upon the wellbeing of our members
- We endeavor to create a feeling of wellbeing over and above the expectation of licensees, staff and members
- We embrace all cultures, we judge none
- Risk making a wrong decision quickly rather than no decision at all
- Licensees are most important to continued growth, as are staff and members
- Staff ideas are valued as we continually strive to improve the business formula
- Dare to be different – think and work faster, smarter and with less
- One thing that can be promised is change – it inspires innovation
- Communication engenders trust and loyalty – ring back
- If you become emotional in a decision, pass it on to someone else

OUR VALUES

INTEGRITY

Walking our talk, standing in our own truth

COMMUNITY

Helping and giving back to our community

EDUCATION

Continually educating ourselves enabling healthy growth

KNOWLEDGE

Acquiring knowledge and addressing the needs of our customers and the greater community

RESPECT

Respecting each other, our valued customers, and the underprivileged

COMMUNICATION

Encouraging open and continual communication; building trust

Forefront

Singapore

"a place that cherishes its past as it looks to the future."

During this month, Singapore, one of the links between the West and the East became part of the E Banc Trade family. This is a great opportunity for all E Banc Members as this recent opening will continue to strengthen the foundations for future international trading while stabilising the connection between Western and Eastern E Banc Traders. For Mr Andrew Goh, the new Master Licensee of Singapore, the penny has dropped and the E Banc Trade membership base has now extended to include Singaporean businesses. Congratulations to Andrew for having the foresight and motivation to take up the opportunity to become the Master Agent for Singapore.

As an international travel gateway, Andrew is excited at the prospects of offering E Banc Trade members the ability to enjoy a stopover or holiday in Singapore using E Banc Trade currency. Head Office also sees that this will create tremendous opportunities to assist with International trading alliances and product availability.

Did you Know?

- Singapore consists only of **one main island** and **63 other tiny islands**. Most of these islands are uninhabited.
- Apart from Monaco, Singapore is the **most densely populated** country in the world, with 6,430 people per square kilometre.
- Symbolism of the **National Flag**: Red symbolises universal brotherhood and equality of man while white signifies purity and virtue. The crescent moon represents a young nation on the rise and the five stars signify the ideals of democracy, peace, progress, justice and equality.
- The **Merlion**, a half-fish, half-lion beast, is a fitting symbol of Singapore. The "Singa" or lion represents the animal that a Sumatran prince saw which resembled a lion, and the fish is a tribute to Singapore's history as "Temasek", the ancient sea town.
- Although English is the official working language and the most widely used language in Singapore, the national anthem '**Majulah Singapura**' is actually sung in Malay.

TACKLE WORLD TOWNSVILLE

The current owner of Tackle World Townsville has decided it is time to move on, leaving a fantastic opportunity open to anyone wanting to buy a lifestyle in North Queensland.

Tackle World Townsville comes with a new 5 x 5 year option lease agreement on a fully equipped 220sqm store located in The Rising Sun Shopping Complex in Mundingburra. This business also contains all the latest software database and equipment necessary for running a modern retail store including point of sale computers, Retail Manager units and Quicken accounting procedures. The store is also fully monitored with a back to base security alarm.

Admin Tips

Helpful reminders from the desk of our
Customer Support Manager

Trading Tips

Who does the shopping? Or who in your office does the purchasing?

It is important to communicate with your partner or your staff and educate them on how to use trade dollars as well.

Ensure the person in your office who purchases items knows to check with trade first, either by searching online or obtaining an up to date membership directory from E Banc Trade.

Your partner or staff member may purchase flowers, gifts or schedule the carpet cleaner and not realise that they can purchase these items on E Banc Trade and conserve cash.

There are many day to day business needs that you may be paying cash for because everyone in your office or business does not realise the benefit of checking with E Banc Trade first.

For example some general business expenses are: Water Coolers, printing needs, signage, stationery needs, toner cartridges, bookkeepers, cleaning products, cleaners, couriers,

leaflet distribution, office equipment, rubber stamps, uniforms and much more!

Grab an up to date membership directory, search online or contact Customer Support first before paying cash. Are you sure you can't obtain what you need through the membership exchange? We join approximately 280 new members a month - one of those members could be just what you need. It is important for you to be proactive in spending your trade dollars.

CHECK WITH E BANC TRADE FIRST!

Searching for members online

When you search for goods and services on our membership directory you can search on our site under Membership Directory by category and area.

If you log in first by clicking on "Members Login" and entering your username and password, you can then do a more thorough search. In the members section you can actually enter data to help look for a particular member and you can also search under all areas.

E Foundation at Shaftesbury Campus

Our support continues for Shaftesbury (www.shaftesbury.org.au) with our application for an extension to our current "Work for the Dole" program being accepted.

We are pleased to advise that not only are we supplying a workforce to maintain the 82 acre grounds but have also been able to supply, with support from E Banc Trade, building materials, work wear, a whipper snipper and gardening equipment valued at over \$4000.

The three trainees in our Horticultural program have settled in well and have successfully completed the first module in their seventeen module, twelve-month course. We are currently moving towards establishing a "Poly-House", which will assist in training as well as produce regular income for the E Foundation.

Last Sunday saw the official formation of an alliance between E Foundation, Shaftesbury Campus and the Australian branch of the International "Peace Embassy". If you are not familiar with the Peace Embassy then please check out the web site, www.onemindonevoice.org.

This alliance will allow us, three powerful "Not for Profit" organisations under one roof, to work together towards funding a facility that will help many people, young and old, including the impoverished, disabled, disadvantaged, unemployed, rejected, and dejected, from all over the world.

On Sunday June 20th, the E Foundation supported a function at the Shaftesbury Campus for 45 visitors from Taiwan. This group included ten singers and musicians, all profoundly disabled, chaperones and international press. The purpose of their visit was to present one of our sponsorships, Ms. Kerry Bowden, the mind behind the Peace Embassy, with a Humanitarian Award. This took place at Government House on Saturday evening. We will tell you more about this, as well as Kerry's involvement in the E Foundation, in the next newsletter.
