<p>OUR GUIDING PRINCIPLES</p> <ul style="list-style-type: none"> • Our prosperity parallels that of our community, locally, nationally and internationally • Every policy decision is based upon the well being of our members • We endeavour to create a feeling of well-being over and above the expectation of agents, staff and members • We embrace all cultures, we judge none. • Risk making a wrong decision quickly rather than no decision at all. • Staff ideas are valued as we continually strive to improve the business formula • Dare to be different-think and work faster, smarter with less • One thing that can be promised is change - it inspires motivation • Communication engenders trust and loyalty - ring back • If you become emotional in a decision, pass it on to someone else

<p>THIS COULD WORK FOR YOU TOO!!!!!!!</p> <p>This week one of our members had something he wanted to purchase that was a high ticket item and wished that he could afford it. With help from Ebanc trade , he is now in possession of what he wanted. HOW???</p> <p>He asked the person selling if he would take part of the purchase in Ebanc trade dollars. After</p>

meeting with us the seller agreed.

We were able to provide a Facility of trade dollars to our member after he gave us details on what he was purchasing and how he aimed to repay.

DONE DEAL!

There is cars, boats, houses, and businesses being purchased every day using trade dollars and not just because they were advertised by us, but because the buyer (E Banc member) asked the seller (not a member yet) if they would take E Banc as part of the purchase.

Just let us know and we will do the rest.
