OUR MISSION

Our mission is to facilitate the exchange of goods and services in an environment of fair and equitable trading to create a feeling of well being over and above the member's expectation

OUR GUIDING PRINCIPLES

- Our prosperity parallels that of our community, locally, nationally and internationally
- Every policy decision is based upon the wellbeing of our members
- We endeavour to create a feeling of wellbeing over and above the expectation of agents, staff and members
- We embrace all cultures, we judge none
- Risk making a wrong decision quickly rather than no decision at all
- Agents are most important to continued growth, as are staff and members
- Staff ideas are valued as we continually strive to improve the business formula
- Dare to be different – think and work faster, smarter and with less
- One thing that can be promised is change – it inspires innovation
- Communication engenders trust and loyalty – ring back
- If you become emotional in a decision, pass it on to someone else

Barter firm seeks \$150m to invest

as reported in The Australian, Tuesday July 18th
By Florence Chong

Queensland-based barter exchange E Banc Trade will try to raise \$150million in cash or "trade dollars" for investment in commercial buildings, residential apartments and residential subdivisions.

E Banc said it was preparing product disclosure statements for three managed property investment funds, which would invest \$50 million each. The statements would be lodged with the Australian Securities and Investments Commission soon.

Formed seven years ago, E Banc claims its 17,000 members conduct about \$50 million a year in real estate transactions using cash and trade dollars.

A trade dollar is equivalent to a physical dollar and is treated as such for taxation purposes.

Head of corporate relations, Patrick Burns, said E Banc had identified Perth in Western Australia; Cairns, Mackay and the Sunshine Coast in Queensland; Geelong in Victoria; and Terrigal in NSW as its preferred markets for property investing.

He said it sought capital gains of at least 15 percent a year from its investment.

"We will buy depressed real estate (residential apartments) but only in areas which we consider to offer high growth."

The commercial properties fund, which tended to generate 8-10 percent return a year, would hold its assets for the long term, he said. E Banc would pay for assets using 25 percent trade dollars and the balance in cash.

Meanwhile, another barter exchange, the listed BBX, which hoped to raise \$100 million for a Newcastle Stock Exchange-listed property fund, is believed to be a long way off its target two weeks before the close of the offer.

LOTTO PLAYERS—use your trade dollars to play

E Banc Trade members can now use their trade dollars to play lotto through new member, OzPower.

Increase your chances of winning by 54 million and enter Tuesday's OZ Lotto, Saturday Night Lotto and Thursday's Power Ball. Don't worry about missing that bonus draw game anymore—your entries will be lodged for you for 26 weeks. There have been over 8 million prize wins so far amongst OzPower members.

Available at 50% trade for a 26 week membership

ADMIN MATTERS

Stationery Fee

During a review of our membership base, we came across a number of accounts that did not include an email address. Some of these accounts were not being charged the \$5.50 cash stationery fee. All the effected account holders have been contacted by mail to advise that unless a current email address is supplied by August 25th 2006, the stationery fee will be applied.

Remember, by providing a current email address, members received invoices and statements, exchange updates and promotions by email, avoiding the \$5.50 fee.

Please contact customer support at head office if you have any queries about our stationery fee.

Since the launch of **E Banc Trade Options** members are enjoying more trading flexibility, trading volume has increased and there are more opportunities to buy at a higher trade percentage.

dLook.com.au

(Australia's Smartest Online Business Directory)

Has GOOD news & BAD news

The good news is that dLook.com.au is now officially the number 2 online business directory in Australia and ranks in the top 20,000 websites in the world (see www.alexacom.com world traffic rankings).

There's more good news. Over 300,000 quote requests have been forwarded by dLook over the last 83 days, with a hit rate of over 61%.

And yes, there is more. The maximum cost for a dLook Premium listing is \$1.63(inc gst) per day!

And now for the bad news

Only 9,251 of the 1 million plus businesses listed on dLook.com.au have upgraded to a Premium listing..... why is this so????

Well, that's the bad news, we don't know. It can't be the cost, it can't be the service, it can't be that we all have too many customers even if the Reserve Bank says we do. Please let us know!

After doing Kean's workshop, I feel fabulous - it has left me feeling so sure of myself that the clarity of some situations that I have been battling with all my life are now glaringly clear. I now have skills to recognise these challenges and navigate through them. Your work is priceless, many thanks,

I feel more alive, more loving and more accepting of my life's circumstances than ever before. Dr Vinnie Monaco

I highly recommend him if you are wanting someone who is shifting paradigms. Ken Jacobs festival director

Six months ago I would have said in all honesty that I hated my father, and now I feel that we are becoming closer all the time and there is some love there after all. My father is 79 and I am very happy to be finally having a relationship, my biggest worry was that he would die and I would just feel nothing, so thank you for that gift.

Developer's Product Insurance? Sales guarantee

Recent newspaper articles quoting economists and financial reports in the various finance magazines all refer to a series of interest rate increases during the next 12 months - the first of these have already occurred. This fact has resulted in warnings to the effect that a lesser number of consumers will be purchasing residential housing (Units / Townhouses / Houses).

The use of E Banc Trade in development and building projects offers something similar to product insurance that is unique in addition to the guarantee of sales -- reduced cash expenditure , reduced marketing costs, less borrowing from finance institutions which results in less interest and reduced repayment pressures, and many other related advantages are a feature of what may be achieved through E Banc Trade membership.

Both sellers and buyers benefit from the use of an E Banc Trade facility in any transaction where finance is required to complete a contract of sale and as any E Banc Trade facility is interest free, the interest rate factor is reduced over the total price. The use of E Banc Trade in the purchase of property makes it possible for many people to turn a dream into reality.

A much better chance for a quick sale of a development is available subject to

1. The property is at valuation &
2. A satisfactory E Banc Trade percentage as a component of the selling price.

E Banc Trade is very aware of the necessity of cash flow and of the concern of converting trade \$\$\$ to Cash and would appreciate the opportunity to discuss this and all the other issues that relate to the use of E Banc Trade in property purchase and sale.
