OUR MISSION

Our mission is to facilitate the exchange of goods and services in an environment of fair and equitable trading to create a feeling of well being over and above the member's expectation

OUR GUIDING PRINCIPLES

- Our prosperity parallels that of our community, locally, nationally and internationally
- Every policy decision is based upon the wellbeing of our members
- We endeavour to create a feeling of wellbeing over and above the expectation of agents, staff and members
- We embrace all cultures, we judge none
- Risk making a wrong decision quickly rather than no decision at all
- Agents are most important to continued growth, as are staff and members
- Staff ideas are valued as we continually strive to improve the business formula
- Dare to be different – think and work faster, smarter and with less
- One thing that can be promised is change – it inspires innovation
- Communication engenders trust and loyalty – ring back
- If you become emotional in a decision, pass it on to someone else

Forefront

E Banc Trade member information

A message from myServicesBanc

We have been advised by ASIC that after consideration of the myServicesBanc programmes, they deem these programmes to be a Managed Investment Scheme (MIS) and therefore require that it is registered by the Corporations Act. We have been instructed to close these programmes immediately.

E Banc Trade is now in the process of establishing the required MIS so they can offer these essential services programmes directly to members as soon as possible. Their solicitors advise that an MIS takes approximately 2 to 3 months to establish, but once in place, members will not only once again benefit from these very popular essential services programmes, but have the added assurance that they are operating from within an ASIC approved structure.

To answer some of the questions received so far from our members:

Q Why did you not get ASIC approval before starting?

A ASIC does not give advice before a scheme is established, they only act on concerns they may have after a scheme has been operating, so we were not able to obtain ASIC approval prior to the introduction of myServicesBanc programmes.

Q Why didn't the Solicitors tell you the programmes had to operate within an MIS?

A myServicesBanc did obtain legal advice which indicated that to the best of their knowledge, the programme we had in place was within the limits of the law. They proposed the establishment of an MIS as an alternative, but it was by no means an absolute requirement. We have not been advised by ASIC that our structure is illegal, only that they request we provide it within an MIS structure.

Q What is a Managed Investment Scheme?

A Generally in a managed investment scheme people are brought together to contribute money to get an interest in the scheme. Money is pooled together with other investors or used in a common enterprise. Investors do not have day to day control over the operation of the scheme. Managed investment schemes cover a wide variety of investments such as cash management trusts, property trusts, timeshare schemes, and actively managed strata title schemes.

The MIS compliance plan must be audited and a report provided to ASIC annually during the operation of the scheme. This will ensure the MIS is operating correctly. For more information on an MIS, visit the ASIC site at

http://www.asic.gov.au/asic/asic_polprac.nsf/byheadline/Managed+investment+schemes?openDocument#auditing

Q Why can't you continue until the programme comes to an end?

A ASIC did not allow myServicesBanc to continue with the programme to completion, or until the MIS was established. This was not an option open to us, though it would have been our preference so we could fulfil our intent to provide the full membership benefit value in product or services. Accepting ASIC's instruction was considered to be the only reasonable option that was in the best interests of all members as the alternative would involve lengthy legal proceedings during which time liquidators would have been appointed by ASIC and funds would not have been available to return to members.

Q Why aren't I getting my balance back 50/50?

A ASIC has instructed that we return to MyServicesBanc members all monies in cash and trade, as they were paid, less any cash benefits already received. If a member paid \$1300 cash and \$1300 trade, that is what ASIC has required us to return. If that member has already received a cash value of \$1000 in product or services, then we are required to repay \$300 cash (\$1300 less cash value of product) and \$1300 in Trade dollars. As we were not able to run the programme for the full term, we have not been given the opportunity to fully cash convert the trade dollars. In this example, the member has already received \$1000 cash value in product or services. The amount remaining is \$1600—\$300 cash and \$1300 (not \$650 cash and \$650 trade which would mean the member received back \$1950 cash and \$650 trade—this is not what was originally paid).

We hope this has cleared up some of your questions and regret we were not given the opportunity to provide the services for the full term. All members of myServicesBanc have been contacted by mail to confirm their outstanding balances and repayment schedule.

50% Plus Club

Apply online now for the 50% Plus Club*

If you meet the membership criteria for this club, you can trade with other club members at a minimum of 50% trade

* Conditions apply to participation in both Clubs.

While the essential services programmes are no longer available to club members, the **E Banc Trade Options Club** still offer members more trading flexibility, increased trading volume and more opportunities to buy at a higher trade percentage.

GOLD Club

Apply online now for the Gold Club*

Happy to trade with other Club members at 100%?

Join the Gold Club.

You enjoy 100% trade when transacting with other Gold Club members and from 50% trade with members of the 50% Plus Club. Club trading requirements apply to retail quantities only. Commercial quantities are by negotiation.

Membership to either of these clubs provides exclusive access to the special programmes that are offered from time to time.
